Chartwell Specialty Pharmacy Recognized as National Leader in Performance Measurement

2025 URAC Pioneer in Performance Measurement award recognizes commitment to improving healthcare quality through analytics.

Pittsburgh, Pa., July 10, 2026 — Chartwell Specialty Pharmacy was recently honored as part of URAC’s 2025 Pioneer in Performance Measurement Award recognition program. This national distinction honors Chartwell Pharmacy’s outstanding leadership, rigorous data tracking, and exceptional performance measurement within its Specialty Pharmacy accreditation program.

URAC, the nation’s premier independent healthcare accreditation body, developed the Leaders in Performance Measurement program to highlight accredited organizations that effectively leverage data to improve the health, safety, and wellbeing of the patient populations they serve. Following URAC’s comprehensive review cycle, Chartwell’s validated 2024 performance data, submitted in September 2025, secured the official Pioneer in Performance Measurement distinction.

Chartwell is owned by UPMC Health System and managed by CarepathRx, an Evernorth company.

“This honor is a testament to Chartwell’s dedication to continuous improvement and patient-first care,” said Jenifer Ashner, Vice President of Compliance for both Chartwell Pharmacy and CarepathRx. “This recognition celebrates a collaborative, organizational-wide commitment to data-driven quality standards and exceptional compliance practices. A special thank you to the

Quality & Compliance Department for their behind-the-scenes leadership, attention to detail, and unwavering commitment to compliance practices.”

This milestone is a direct reflection of the collective dedication of Chartwell & CarepathRx staff. From front-line patient interactions to administrative excellence, the teams continue to meet and exceed the national standards for quality, safety, and compliance in healthcare. As a fully URAC-accredited organization, Chartwell stood out by contributing exploratory measures and participating in key activities that provide vital insights into new measurement concepts.

###

About Chartwell Pharmacy

Chartwell Pennsylvania, LP, is a limited partnership between UPMC, Butler Health System, Heritage Valley Health System, and Washington Health System with three branch locations in Altoona, Erie, and Pittsburgh. For more than 30 years, Chartwell has provided the latest advanced therapies and medications to patients for the treatment of chronic, rare, and/or complex conditions. The pharmacy provides services, therapies, and medications for home infusion, specialty pharmacy, and enteral nutrition and is licensed in 42 states. www.chartwellpa.com

About CarepathRx

CarepathRx is transforming pharmacy care delivery for health systems and hospitals, delivering improved patient outcomes that drive clinical, quality, and financial results. CarepathRx provides powerful combination of technology, market-leading clinical pharmacy services, and wrap-around services that optimize pharmacy performance across the enterprise for fully integrated pharmacy operations, expanded healthcare services, improved ambulatory access, minimized clinical variation and new health system revenue streams. Today, CarepathRx serves more than 40 health systems and 1,000 hospitals. For more information about CarepathRx, visit www.carepathrxllc.com.
